# FAZ COLLECTION

designed by Ramón Esteve

FAZ lines arise from mineral crystallization; of its capricious play with light, surrounding us in a suggestive atmosphere of reflexes. The attractive movements of the lights and shadows generate a feeling of rhythmic and organic order, a refreshing illusion that enraptures a dream world of new realities.

Las líneas de FAZ nacen de la cristalización mineral, de su juego caprichoso con la luz, que nos envuelve en una sugerente atmósfera de reflejos desdibujados. A partir de los atractivos movimientos de luces y sombras se genera la sensación de orden rítmico y orgánico, una ilusión refrescante que transporta a un mundo onírico de nuevas realidades.
